Dear Alex,

Congratulations! You have won the 1st Place Student/Trainee Travel Award in the Cancer Genomic Consortium's 2018 Annual Meeting abstract competition! The award will be presented to you prior to your talk at our annual conference in Nashville, TN and will include a certificate as well as a \$1,500 check!

Your submission ***Coordinating variant interpretation knowledgebases improves clinical interpretation of genomic variants in cancers*** was well received, and we look forward to hearing your platform presentation. Please note that **award presentations are slotted for 20 minutes each** instead of 15 minutes for general platform presentations. It should generally include 15-18 minutes of presentation and allow a few minutes for questions and transition.

We certainly hope you will attend the entire conference. Please check the CGC 9th Annual Meeting website shown below for the exact timing of your presentation. The final agenda will be posted this week followed by an email announcement.
